

In the year 1866 a woman long suffering and in need of healing discovered the Science behind the teachings of Christ Jesus and was healed. Her name was Mary Baker Eddy. Today churches like this one are holding services and testimony meetings throughout the world. Your presence today/tonight includes you and your prayers with this heartfelt band of inspired workers for Christ, Truth.

Today/tonight you will hear not only from the sacred scriptures of the Bible, but also from Eddy's inspired book, Science and Health with Key to the Scriptures. These two books are the Pastor of this church and all Christian Science Churches.

You can find more writings of this inspired Leader and follower of Christ Jesus at our Reading Room. And we encourage you to visit our website at spiritualityabq.com for information about this healing Science and the many avenues of support for its study that this church provides. For example, there is a Sunday school for youth up to the age of 20 and a children's room for infants. And on Wednesday evenings before the testimonial meeting there is an open discussion forum in our upper Sunday school room where you can ask questions about Christian Science and what it means to begin and maintain a healing practice of this Science.

You, your family and friends are all welcome to join us for any and all of the activities this church provides. And if you are new to Christian Science or simply new to this branch church, won't you please introduce yourself to others following the service/meeting. We want to meet you!
