

Again, welcome!

In the year 1866, a woman long suffering and in need of healing discovered the Science behind the teachings of Christ Jesus and was healed. Her name was Mary Baker Eddy. You have just heard readings not only from the sacred scriptures of the Bible with its always timely and relevant message, but also from Eddy's primary book, Science and Health with Key to the Scriptures. These two books, the Bible, and Science and Health, are the pastor of our church and all Christian Science churches.

The members of this church provide a nearby reading room where all are welcome. And a Sunday school for youth up to the age of 20 with a children's room for the very young.

You will find more detailed information about the many avenues for spiritual growth that this church provides by speaking with an usher after this service/meeting or reading the bulletin board at the west end of the church foyer. We also encourage you to check out our website at spiritualityabq.com for branch church information, a listing of activities, testimonies of healing, and much, much more.
