

## TESTIMONY PERIOD (Sunday School)

“It is now time for your testimonies of healing and inspiration.

If you are here in the room and wish to speak, just raise your hand and we’ll get a microphone to you. Please hold it directly in front of your mouth and speak normally so everyone can hear.

If you are joining us on the phone and wish to speak, just follow the Telecon instructions when you hear them.”

*(after noticing the flashing “silent” doorbell, and when ready to take a testimony from a caller)*

“We now have someone on the phone who would like to speak.”

“Let’s put them through now.”

or... “Let’s open that line now.”

or... “Please open the telephone line for the caller.”
