

This church is a branch of The First Church Christ, Scientist in Boston, Massachusetts. Churches like this one and worship services similar to the one you are attending today, are being held throughout the world. Participating this morning brings you not only together with this church family, but with an international church family that is part of a worldwide Christian Science movement. A movement inspired by Mary Baker Eddy's love for the teachings and actions of Christ Jesus, and dedicated to the peace, health and prosperity of all mankind. You, your family and friends are lovingly invited to attend our Sunday services and our Wednesday evening testimonial meetings.

If you are new to Christian Science or new to this church, each Wednesday evening, at 6:30 there is an informal discussion being held in the Sunday School where you can ask questions and learn more about Christian Science and the many ways in which it inspires and heals.

You are also invited to pray and study in our Reading Room. This additional haven for finding answers to life's harder questions, a more permanent sense of peace, and a renewed and lasting sense of health, is open six days a week and offers Bibles and Christian Science literature to read, borrow, or purchase. The librarian and attendants are available to assist you and support you in your study. The location and directions to the Reading Room can be found on the bulletin board in the foyer.

For infants and youth up to the age of 20 this church provides a nursery and Sunday school where students are taught the Bible's always timely message and how to make that message practical, here and now. You can find more information about all this church provides for its members and this community by speaking with an usher or by visiting our website at spiritualityabq.com. The ushers can also answer questions and assist you if you wish to join this church, the Mother Church, or both.

Every first Sunday add the Rule for Motives and Acts.
Try to select an MBE Hymn for even numbered Sun/Wed.
Every even number Wednesday add the section on
Testimonials in the Manual.
