

DESK NOTICE from
the Reading Room
7/30/19

The members of this church offer to the public a Christian Science Reading Room located nearby in the Nob Hill area and it is open 6 days a week. All are welcome to visit it and utilize its many resources. Some of these resources include the Christian Science Journal, Christian Science Sentinel and Christian Science Herald in multiple languages where testimonies of healing and revelation may be found. Also available is the Christian Science Monitor Weekly, which is a magazine or an online Daily, and both monitor progress around the world and present constructive journalism offering hope and understanding.

On Thursday mornings there are study groups which provide folks an opportunity to come together and study the weekly Bible lesson or take part in a more focused study called the "Bible Characters, their stories and your spiritual growth." Citations from the Bible and Science and Health with Key to the Scriptures are assigned and emailed in preparation for the group study. Testimonies of healing and realizations of truth are encouraged. All are also welcome to join in the reading of Mary Baker Eddy: Her Mission and Triumph which takes place on Tuesday afternoons.

Most importantly, the Reading Room is a place where all may find peace and inspiration. It is also a quiet refuge from the busyness of the day where one can serve the church and the community by praying and sharing with the public his or her love of spiritual healing and God's love for man.

More information may be found about the Reading Room on the bulletin board in the foyer or by asking the ushers.
