

There is No Law of Sin or Death

Again, welcome! There is no law of sin or death. Of this the founder of the First Church of Christ, Scientist in Boston, Massachusetts was certain. Her name was Mary Baker Eddy. She found this certainty through the study of scripture and specifically through the prophecy of the coming Messiah and the teachings and healing works of Christ Jesus found in the Bible. This church is one of the many Christian Science branch churches throughout the world. We welcome you today to this meeting/service and its message of healing, and Christ's promise of eternal life.

We have a reading room nearby where you can read, study and ask questions. The weekly Bible Lesson, Christian Science periodicals and prayerful support can be found Monday through Saturday. It opens at 10 am. We provide a Sunday school held at the same time as our Sunday morning worship service. Children up to the age of 20 are lovingly taught the stories of the Bible and how to see their lessons as applicable in their lives today. There is also a children's room for the very young.

To those of you who have been studying Christian Science and are interested, applications for membership to this local church, and also to the Mother Church in Boston, can be obtained through the church clerk, any usher on duty or from the reading room librarian.

We encourage you to explore the many avenues for spiritual growth that this church provides. The ushers are available to answer any questions you may have following this meeting/service. And you can find more information on our website at spiritualityabq.com.
